NJMAA is an affiliate organization of the New Jersey Music Educators Association. Music Supervisors from throughout the state meet regularly to act on matters of common concern and to provide resource information for related activities and groups.

Objectives of the NJMAA, as stated in its By-Laws, are the following:

- **To support and encourage excellence** in music education in the State of New Jersey;
- **To exert leadership** in establishing its highest standard;
- **To provide an opportunity** for a continuous study of the mutual problems facing school music supervisors;
- **To establish closer communications and cooperation** on matters of mutual interest and concern, and;
- **To cooperate** with other organizations in promoting effective public education.

NJMAA functions in three modes - regular membership meetings, Executive Board sessions, and *ad hoc* committees. Its activities are publicized through a column in the NJMEA magazine, *TEMPO*.

.....

Active membership includes certified Directors, Supervisors, and Coordinators of Music.

.....

There are also provisions for **Affiliate** membership by music dealers, college music administrators, and retired supervisors.

..

Annual dues are \$40; Retirees, \$25
